AMENDMENT

Dear Sir,

In response to the Office Action of May 24, 2004, please amend the above identified application as follows:

IN THE SPECIFICATION

In the section titled Summary of the Invention on page 2, please amend the first paragraph beginning at line 6 as follows:

--A lateral track movement system for a display screen utilizing a dockable connector, in accord with the invention, comprises an upper reinforcement assembly, a carrier assembly, a lower reinforcement assembly, at least one wire, and a spool. This lateral track movement system is mounted to the ceiling of a motor vehicle in a position generally forward and parallel to the passenger seating areas.--

In the section titled Detailed Description of the Preferred Embodiment on page 4, please amend the second sentence fourth paragraph beginning at line 12 as follows:
